Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Monday 18 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Outbreaks of rain over the next few days.

Today:
A dry start with bright spells during the morning. Outbreaks of rain are expected in the afternoon, interspersed by dry intervals. Winds increasing, especially along coastal areas in the afternoon. Maximum temperature 10 deg C (50 deg F).

Tonight:
Outbreaks of rain will bring heavy downpours across the region, although some dry spells are expected at times. Strong winds, particularly along the coast. Minimum temperature 7 deg C (45 deg F).

Tuesday:
Briefly dry during the morning before further rain moves in from the west. Windy with coastal gales. Maximum temperature 11 deg C (52 deg F).

Outlook for Wednesday to Friday:
Persistent and heavy rain on Wednesday. Still windy with possible gales along coasts. Colder and drier conditions on Thursday and Friday with lighter winds, but showers are still likely.
